WRITTEN ASSIGNMENT: UNIT 5-1

Title: Perimeter Security

Introduction:

You are a security consultant. You have been hired to ensure security for the convenience store in your neighborhood.

Tasks:

The peak period for convenience store robberies is between 9 PM and 11 PM. As a security professional, what ideas can you implement to deal with the risk of a robbery? Try to make your suggestions as innovative (yet practicable) as possible. Provide at least three viable ideas.
